with Ming Hu and Joseph Milner, 2016, Management Science, 62(3), 867–879

Threshold effects in online group buying
with Mengze Shi and Ming Hu, 2015, Management Science, 61(9), 2025–2040

Simultaneous vs. sequential group-buying mechanisms
with Ming Hu and Mengze Shi, 2013, Management Science, 59(12), 2805–2822

Books and Conference Publications

Online group buying and crowdfunding: Two cases of all-or-nothing mechanisms
with Ming Hu and Mengze Shi, 2019, Sharing Economy: Making Supply Meet Demand, M. Hu (ed.), 319–346, in Springer Series in Supply Chain Management, C. Tang (series ed.)

Keep cache replacement simple in peer-assisted VoD systems
with Baochun Li, 2009, in Proceedings of IEEE INFOCOM

Working Papers

Pricing AI as a service
with Ilan Lobel and Yanwei Sun
Finalist, INFORMS Revenue Management and Pricing Section Jeff McGill Student Paper Award, 2026

Beyond one shot: Contracting for sequential trials
with Yanwei Sun and Jibang Wu
Preliminary version accepted at EC 2026

The role of prescreening in auctions with predictions
with Yanwei Sun, Fupeng Sun, and Chiwei Yan
Preliminary version accepted at WINE 2025

Information design and pricing in lead-selling platforms with supply competition
with Yanwei Sun, Niloofar Zamani-Foroushani, and Zhe Liu
Preliminary version accepted at EC 2024

IT and operations miscoordination in a supply chain: Case of a quick-service restaurant chain
with Peng Luo and Ming Hu

Over-pledging in crowdfunding: Evidence from Kickstarter
with Wanjiang Deng, Mengze Shi, and Ming Hu

Teaching Activities

Imperial Business School, Imperial College London

Data analytics and visualisation	2023 –
Logistics and supply chain analytics	2016 –
Statistics and econometrics	2015 – 2024
Project management	2015 – 2019

Professional Activities

Associate editor

Naval Research Logistics	2021 –
Decision Sciences	2026 –

Judge

MSOM student paper competition
POMS College of SCM student paper competition
SIGs of MSOM conference

Referee

Management Science, Operations Research, Manufacturing & Service Operations Management, Production and Operations Management, Naval Research Logistics, OMEGA, European Journal of Operational Research

Last updated: November 2026
